Proceedings:

The meeting started with a welcome address by the convener. She put forth the agenda of the meeting and requested the members to take note. She further added that as the classes for all semesters have already started, the faculty of the college must remain vigilant and cooperate with the discipline committee in maintaining the discipline.

A threadbare discussion was held and the following points were discussed and proposed:

- Uniform Code:** No student shall be allowed to enter the college premises without prescribed uniform. All the faculty members are apprise to ensure that no student should be allowed to enter/seal in the class room without proper uniform.

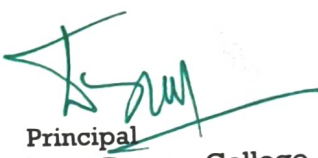

Mobile Phone Restrictions: Mobile phones are strictly prohibited in the college building premises. In case of emergency, specific places have been designated for boys and girls where they can use their mobile phones. All the faculty members ought to take care of the same as usage of the mobile phone creates disturbance and is totally against the institutional ethics.

3. The identified locations/places for mobile use are specified as :

Girls: Lawn near Administrative Block
Boys: College Ground

4. No student shall leave the college campus before 2:00 PM. In case of emergency, the student shall have to take a written permission from the Convener/Member Discipline Committee before he/she is allowed to leave the campus before 2:00 PM. The gatekeeper has been already instructed regarding discipline and the discharge of his assigned duties prior to the commencement of the session.
5. As discipline is the most important facet of an institution, all the Discipline Committee members in particular and the faculty members in general are requested to take rounds on the college campus when they are free from classes. The gray areas need extra vigilance and monitoring by the D.C. during working hours.
